Product Images

Short Description

TG2 has excellent thermal dissipation performance and provides with high thermal conductivity, low thermal resistance, and low electrical conductivity. Regarding to durability, TG2 keeps the same good performance while used over time.

Description

TG2 has excellent thermal dissipation performance and provides with high thermal conductivity, low thermal resistance, and low electrical conductivity. Regarding to durability, TG2 keeps the same good performance while used over time.

Note: This Item can not be shipped using DHL

Features

- Excellent Performance
- Wide Temperature Resistance Range
- High Thermal Conductivity
- Low Thermal Resistance
- Low Electrical Conductivity
- RoHS Compliance

Specifications

P/N	CL-O0028-A
Net Weight	4g
Color	Gray
Thermal Conductivity	1.5 W/mK
Shelf-Life	24 months from DOM

* Specifications are subject to change without notice.
* The product picture(s) is only for your reference, it may differ from the actual product.

Additional Information

Brand	Thermaltake
SKU	CL-O0028-A-D
Weight	0.2500
TIM Type	Paste
Special Price	\$4.99
