Short Description

The Pure Wings 2 family fans are unique in their class, combining outstanding reliability, silent cooling, and a great price-for-performance ratio. It's impressive how much quiet technology the German engineering team has crammed into these fans at this amazing price. They are the ultimate reason to put well-known be quiet! silent cooling in your PC if you haven't already done so.

Description

The Pure Wings 2 family fans are unique in their class, combining outstanding reliability, silent cooling, and a great price-for-performance ratio. It's impressive how much quiet technology the German engineering team has crammed into these fans at this amazing price. They are the ultimate reason to put well-known be quiet! silent cooling in your PC if you haven't already done so.

The Pure Wings 2 140mm PWM model is the largest fan we offer that combines all of the above essential features. It provides maximum cooling airflow and operating noise levels down to a silent 19.8dB(A). The increased air pressure makes the fans especially recommended for use in water cooling and air cooling setups.

Features

Practically Silent Operation

- Nine silence-optimized fan blades with high airflow capabilities reduce noise-generating turbulences while increasing air pressure
- Very quiet operation even at maximum speed, with noise of 19.8dB(A)

Variable Speed Function

- Pulse Width Modulation (PWM) allows compatible 4-pin controllers (including those built into many motherboards) to intelligently vary the speed (and thus the noise level) of the fan
- With PWM your system can ramp up the cooling when it's needed, or operate in maximum quiet mode when it's not

Product conception, design and quality control in Germany

- Perfect choice for home and office PCs, gaming and multimedia systems
- Especially recommended for use in water cooling and CPU cooling builds
- High-quality rifle bearing technology contributes to a very long lifespan of up to 80,000 hours
- 3-years manufacturer's warranty
- Quick support is available via our international hotline, Mondays to Fridays from 9:00am to 5:30pm CET: +49 (0) 40-736 76 86 - 98

Specifications

- Speed: 1000 RPM
- Air Flow: 61.2 CFM, 104 m3/h
- Air Pressure: 0.76 mmH2O
- Noise Level: 19.8 dBA
- Voltage: Rated - 12 VDC, Operating - 5 ~ 12 VDC
- Current: 0.06 A (consumption), 0.12 A (safety)
- Input Power: 0.44 W
- Bearing Type: Rifle

- Motor: 4-pole Fan Motor
- Connector: 4-pin PWM
- Cable Length: 460 mm
- Life: 80,000 hours
- Approvals: CE, TUV, UL
- Dimensions: 140.0 x 140.0 x 25.0 mm
- Weight: 0.16 kg (w/ fixed cables)

Additional Information

Brand	Be Quiet
SKU	BL040
Weight	0.6000
Color	Black
Fan Dimensions	140mm
Fan Width	25mm
Fan Connection	4-Pin PWM
Fan Voltage	12 VDC
Fan RPM	1000
Fan CFM	62
Fan Noise (dB)	20
Vendor SKU/EAN	4260052184417
Special Price	\$9.95
