BP-VG2080RD-A2 Dimension In"MM"

Short Description

Bitspower Lotan series water block, designed for the powerful NVIDIAs GeForce RTX 20 series reference design graphic cards, is specifically engineered to provide the best temperature control while also keeping an aesthetic elegance unique to Bitspower. Covering the full length of the card, the water block is layered with a nickel and chromium plated copper base plate that is meticulously carved to allocate the most contact over the GPU and VRM area. The inner layer, molded with engineered materials that can sustain extreme temperatures, is covered by an acrylic top layer equipped with a Bitspower Digital RGB LED strip that is sure to make your system look amazing.

Description

Bitspower Lotan series water block, designed for the powerful NVIDIAs GeForce RTX 20 series reference design graphic cards, is specifically engineered to provide the best temperature control while also keeping an aesthetic elegance unique to Bitspower. Covering the full length of the card, the water block is layered with a nickel and chromium plated copper base plate that is meticulously carved to allocate the most contact over the GPU and VRM area. The inner layer, molded with engineered materials that can sustain extreme temperatures, is covered by an acrylic top layer equipped with a Bitspower Digital RGB LED strip that is sure to make your system look amazing.

In addition, so your build is as aesthetically pleasing as can be, a black aluminium backplate featuring the Bitspower logo as well as a silver I/O bracket is included to replace the 2080's original ones. With the Lotan water block, a new backplate as well as a fresh new I/O bracket, your graphics card will be dressed up to show and perform like a star!

Features

1. Acrylic top cover and transparent inner layer for a crystal clear look.
2. Base layer made of copper, electroplated with nickel and chromium for high durability.
3. 0.5 mm fins over GPU provide high efficiency heat dissipation.
4. Water channels designed to reduce air bubbles and eliminate them quickly.
5. Easily replaceable LED strip.
6. Top layer and inner layer can be made compatible with different graphic cards by replacing the base layer

only.
7. RoHS compliant.

Specifications

- Dimension(LxWxH) : 125x263.8x30.3 MM
- Thread : G1/4" x 4
- LED Color : Digital RGB

LED Strip Management By Bitspower Digital RGB And Certified By ASUS AURA Sync, GIGABYTE RGB Fusion, MSI Mystic Light Sync, And ASRock Polychrome.

Included :

- 1set of BP-FT2080RD
- 1set of Thermal PAD
- 1set of Mounting Screws/Accessories

Compatibility :

- GeForce RTX 2080 Ti Founder Edition
- GeForce RTX 2080 Founder Edition
- GeForce RTX 2070 Founder Edition
