Short Description

The Touchaqua's Tarasque series radiators are uniquely designed by Bitspower in order to provide the most efficient cooling while keeping your custom build on a reasonable budget. The simple slim design features a light single copper fin thread which offers maximum airflow, thus cooling the liquid's temperature without compromise. With a matte black finish and equipped with G 1/4" threads, Tarasque series radiators are compatible with Bitspower 120mm fans and fittings, as well as a wide variety of water cooling products in the market.
