## Short Description

---

This upgrade kit, consisting of a riser cable and a PCI slot bracket, allows users to install a graphics card vertically inside the Lian Li PC-O11 Dynamic Midi-Tower. To this end the entire slot bracket of the Lian Li PC-O11 Dynamic Midi-Tower is removed and the new included slot replaces it. The bracket for the graphics card will attach to the fan grille in the floor of the case, with the result that no additional fan may be installed
