Product Images

Short Description

Barrow GPU Waterblocks are made with the purest copper and is nickel plated to give it that mirrored finish.

Description

Barrow GPU Waterblocks are made with the purest copper and is nickel plated to give it that mirrored finish.

Features

NICKEL PLATED COPPER BACKPLANE

NICKEL PLATED RED COPPER PLATE

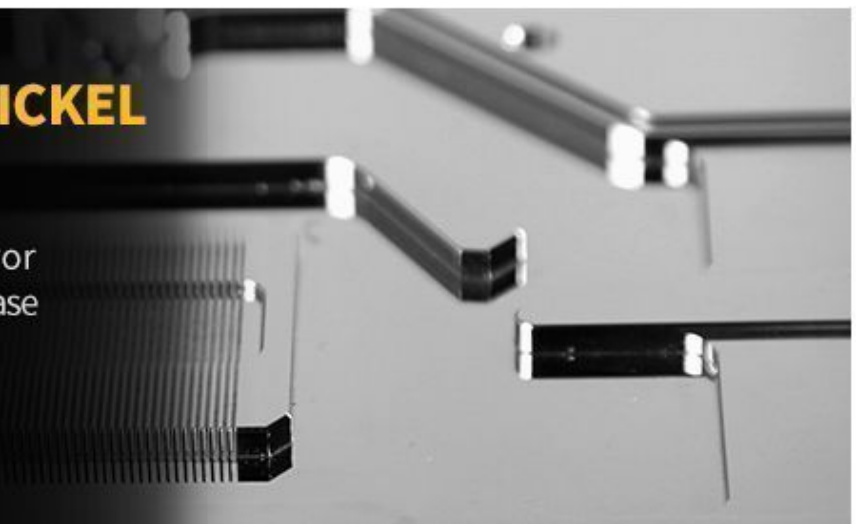

Copper with high thermal conductivity is the main material for backplane. The thermal conductivity is second only to silver, nickel plated copper can prevent oxidation, extend service life.

MIRROR FINISH NICKEL PLATING EFFECT

MIRROR NICKEL PLATING EFFECT

GPU core contact area mirror polishing processing maxi increase heat conduction efficiency

APPEARANCE PATENT BRIDGEHEAD

APPEARANCE PATENT BRIDGEHEAD

Patent No.: 2016304260188

Unique appearance design, plus translucent logo makes the lighting effect more gorgeous.

L.R.C LED SYSTEM

L.R.C LED SYSTEM

Built in RGB lighting components could achieve various colors changing and make sure that the water block looks more colorful.

CHANNEL AREA AND QUANTITY

CHANNEL AREA AND QUANTITY

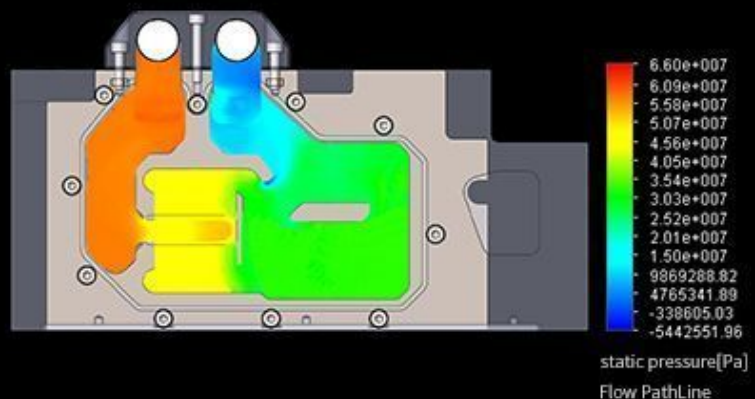

Provides up to 43 waterways, uses 5+3 asymmetric design (groove width 0.5mm + interval 0.3mm), increases the contact area of the water cooled liquid and the backplane, enhances the heat dissipation performance

SCIENTIFIC AND RIGOROUS DESIGN

SCIENTIFIC AND RIGOROUS DESIGN

Through computer simulation technology, after a lot of data analysis, the best heat dissipation structure is designed. (Thermal Analysis diagram sketch as right show.)

Specifications

Compatibility:

- GTX 1050 Ti G1 Gaming 4G
- GTX 1050 G1 Gaming 2G
- GTX 1050 D5 2G

Additional Information

Brand	Barrow
SKU	BS-GIG1050T-PA
Weight	4.0000
Color	Clear
Block GPU Type	Nvidia
Block Style	Nickel-Plexi
Vendor SKU/EAN	BA0463
Special Price	\$34.98
