Special Price  
**\$3.59** was  
**\$5.99**

## Product Images

## Short Description

### Product Details:

This amazing new sleeve is a gorgeous white color in the light and then transforms to a brilliant blue color

when exposed to UV lighting. Kit comes with about 6 feet of (12mm) 1/2" sleeve and 8" of 3/4" heatshrink which is enough to cover several cables.

Features:

- UV reactive white color sleeve
- Turns glowing blue under UV light
- 12mm diameter; 150cm (6 feet) length
- Can expand 2~3 times the width
- Includes 20cm (8 inches) heat shrink tube
