## Product Images

## Short Description

---

Finally, Lian Li gives us an Aluminum conversion bracket that matches their beautiful cases. This bracket will allow you to take any 3.5" device and mount it in a 5.25" bay. This bracket is precision machined and will dress up any Lian Li case by giving the entire front panel that brushed aluminum look. You can use this with the Lian Li floppy bezel, card reader or any 3.5" device when you have simply run out of these smaller bays.
