## Description

---

Save time and money by using this set of connectors which has been specially selected to replace those connectors found on most common power supplies.

Glow for that UV Look

-----

Busy with PSU mods? Then AC Ryan's Connectx™ is a must-have.

Connectx™ is the AC Ryan's way of moving modding a step ahead - now you have the means to extend your mod color theme right down to the connectors. A range of connector housings in various colors, starting with a series of connectors found typically in PSUs. Would you imagine stylish cool black cars with white plastic handles? Dont let those standard white connectors spoil your mod. Change all the connector housing and make heads turn with the touch of details.

Always using high quality, non-flammable & fire-resistance plastics, Connectx™ connector color housings are not only fun but safe too.

As part of the goal of advancing the professionalism of performance PC, the Connectx™ series is built with these factors in mind performance quality, ease of installation, a touch of professionalism. If you are a performance PC builder, you care not only about performance but also professional appearance - AC Ryan provides the building blocks. All AC Ryan cables are built with the best quality cables for strict no-nonsense performance.

Kit includes: (10) Female Molex, (2) Floppy Molex, (1) AUX Molex, (1) 4-Pin 12V Molex, and (1) ATX 20-pin Molex.
