Startech 3.5" Multi Panel with Ejectable 7 in 1 Flash Card Reader / Writer and 2 USB 2.0 Ports

Product Images

Short Description

Use your flash cards on the go! StarTech.com's 3.5" bay multi-panel gives you a removable flash card reader, plus two USB 2.0 ports, all in the same bay.

Description

Use your flash cards on the go! StarTech.com's 3.5" bay multi-panel gives you a removable flash card reader, plus two USB 2.0 ports, all in the same bay.

The portable 7-in-1 card reader lets you transfer music, pictures, and other data to and from your favorite flash media devices without having to connect them to your computer. Plus, just eject the removable reader from the bay and take card-reading capabilities wherever you go! Accepts the seven most popular formats:

Compact Flash I/II
IBM Micro Drives
Smart Media
Secure Digital
Multi-Media
Memory Sticks
MS Pro cards

With no need for an external power adapter, the compact removable reader is perfect for lightweight travel. Eliminate the hassle of physically connecting every digital device to your computer, and enjoy card-reading capabilities anywhere, with the FCREADREM from StarTech.com.

Features

- Adds two USB 2.0 ports to your desktop computer with data transfer rates of up to 480 Mbits/sec

- Easily drag and drop files, pictures and music files for editing and storage

- Low power consumption preserves notebook computer battery life

- Panel fits easily into a 3.5" bay on your desktop computer

- Removable card reader portion of the unit connects to a laptop computer through a USB port and requires no external power adapter

- Requires no external power adapter

- USB 2.0 compliant and backward compatible with the USB 1.1 standard

- Works with Compact Flash I & II, IBM Micro Drive, Smart Media Card, Secure Digital Card, Multi-Media Card, Memory Sticks and MS Pro Cards

- Easily drag and drop files, pictures and music files for editing and storage

- Easily transfer files between your PC or Mac and your flash media devices like digital cameras, PDAs, MP3 players, handheld/palmtop computers as well as your USB 2.0 devices like portable hard drives.

- Features a removable external flash card reader that provides you with flexibility when using memory card products on your desktop and laptop computers

- Fits easily into a 3.5" bay and adds two USB 2.0 ports to your desktop computer with data transfer rates of up to 480 Mbits/sec

- Sleek and compact design fits both desktop and laptop computers
