Watercool HEATKILLER® MB-Set ASUS Z87 A/C/Plus LT

Special Price
$66.39 was
$82.99

Product Images

Short Description

The HEAT KILLER ® MB-SET allows for optimum cooling of the voltage transformers of their motherboards. Included in the set are the heatsink for the VRM. The chipset cooler is not included and must be purchased separately. We recommend using a chipset cooler from our HEATKILLER ® NSB / SB 3.0 series.

Description

The HEAT KILLER ® MB-SET allows for optimum cooling of the voltage transformers of their motherboards. Included in the set are

the heatsink for the VRM. The chipset cooler is not included and must be purchased separately. We recommend using a chipset cooler from our HEATKILLER ® NSB / SB 3.0 series.

The modular design of the heat sink can also be used after the motherboard change by simply replacing the bottom plate on. In the compatibility list you will get an overview of the available floor plates.

Figure 2 shows an example of the installation.
