

# SilverStone Tundra TD02 LITE Complete All-In-One Liquid Cooler

Special Price  
**\$79.95** was  
**\$82.95**

## Product Images

## Short Description

---

The advantages of a pre-filled, closed loop or all-in-one (AIO) liquid cooler are the convenience of installation and improved compatibility over high end air cooling solutions. The use of liquid as heat transfer medium also brings about improved cooling performance at the expense of higher cost. To offer enthusiasts or casual PC users an affordable alternative, SilverStone has released the Tundra TD02-LITE, a liquid cooler with 100% copper base plate, thick leak-proof tubing, and a water block with 0.2mm micro-channels. This feature rich model is an excellent performer for the price and a great entry point for users looking to upgrade their system to liquid cooling.

## Description

The advantages of a pre-filled, closed loop or all-in-one (AIO) liquid cooler are the convenience of installation and improved compatibility over high end air cooling solutions. The use of liquid as heat transfer medium also brings about improved cooling performance at the expense of higher cost. To offer enthusiasts or casual PC users an affordable alternative, SilverStone has released the Tundra TD02-LITE, a liquid cooler with 100% copper base plate, thick leak-proof tubing, and a water block with 0.2mm micro-channels. This feature rich model is an excellent performer for the price and a great entry point for users looking to upgrade their system to liquid cooling.

## Features

---

- Maintenance free, no refill required

- Dual auto adjustable 120mm PWM fans included
- Thick, leak-proof tubing improve reliability
- 0.2mm micro-channel water block design for improved performance
- Large 100% copper base plate for fast heat transfer
- Integrated blue LED indicator
- Compatible with socket LGA775/115X/1366/2011/2011-v3/AM2/AM3/FM1/FM

## Specifications

---

Model No.	SST-TD02-LITE	
Water block	Dimension	65mm (L) x 65mm (W) x 38mm (H)
	Material	Copper base with plastic body
Pump	Motor speed	2500±200RPM
	Rated Voltage	12V
	Rated Current	280mA
Fan	Dimension	120mm (L) x 120mm (W) x 25mm (D)
	Speed	1500~2500RPM
	Noise level	18~35 dBA
	Rated Voltage	12V
	Rated Current	0.3A
	Max airflow	92.5CFM
	Pressure	3.5mm/H2O
	Connector	4 Pin PWM
Radiator	Dimension	273mm (L) x 120mm (W) x 27mm (H)
	Material	Aluminum

Tube	Length	310mm
	Material	Rubber

Application	Intel Socket LGA775/115X/1366/2011/2011-v3 AMD Socket AM2/AM3/FM1/FM2
-------------	--

Net Weight	990g
------------	------

## Additional Information

---

Brand	SilverStone Technology
SKU	SST-TD02-LITE-D
Weight	7.0000
Color	Black
Block CPU Type	Intel/AMD
Vga	AMD FirePro W9100
Pump Type	Other
Radiator Size	240 (2 x 120mm)
Radiator Thickness	27mm
Vendor SKU/EAN	844761012045
Special Price	\$79.95
