

Silverstone PP08 SFX to ATX power supply adapter bracket

\$8.99

Product Images

Short Description

SilverStone's PP08 is a SFX to ATX power supply adapter bracket that is designed for ATX, Micro ATX, or Mini-ITX cases. It has offset mounting holes for SFX power supplies, which crucially increases available spaces inside a small case by up to 10mm compared to ordinary adapters. This helps to create more room for other components and enables users to easily utilize SFX power supplies in more cases and applications.

Description

SilverStone's PP08 is a SFX to ATX power supply adapter bracket that is designed for ATX, Micro ATX, or Mini-ITX cases. It has offset mounting holes for SFX power supplies, which crucially increases available spaces inside a small case by up to 10mm compared to ordinary adapters. This helps to create more room for other components and enables users to easily utilize SFX power supplies in more cases and applications.
