\$0.35

Product Images

Short Description

GOLD-plated performance pins for most commonly used Molex 4pin power connector extension cables, mainly to extend PSU cables for HDD, CD/DVD drives, 5.25" devices, lights, some fans etc. GOLD-Plated Pins give you the quality connection - gold for better electrical conductivity - better signals, better & more stable voltage / current. Give your power supplies the GOLD quality - like the GOLD pins that comes with top quality power supplies.

Description

GOLD-plated performance pins for most commonly used Molex 4pin power connector extension cables, mainly to extend PSU cables for HDD, CD/DVD drives, 5.25" devices, lights, some fans etc.

Busy with PSU mods? Then GOLD-plated Pins is a must-have.

GOLD-Plated Pins give you the quality connection - gold for better electrical conductivity - better signals, better & more stable voltage / current. Give your power supplies the GOLD quality - like the GOLD pins that comes with top quality power supplies.

ModMyToys way of moving modding a step ahead - now you have the means to extend your mod color theme right down to the connectors. A range of connector housings in various colors, starting with a series of connectors found typically in PSUs. Would you imagine stylish cool black cars with white plastic handles? Dont let those standard white connectors spoil your mod. Change all the connector housing and make heads turn with the touch of details.

As part of the goal of advancing the professionalism of performance PC, thisseries is built with these factors in mind performance quality, ease of installation, a touch of professionalism. If you are a performance PC builder, you care not only about performance but also professional appearance - ModMyToys provides the building blocks.

Includes:

Strip of 4 pins
