Product Images

Short Description

EUROS is a 120mm cooling fan that uses Sony's patented FDB (Fluid Dynamic Bearing), a non-contact bearing

design that guarantees silent operation by eliminating noise production through sliding.

Embedded with a unique mechanism its anti-shock structure produces 5 times better results than conventional ball bearings.

The sealed structure also improves oil carrying ability which gives EUROS a life span of up to 120,000 hours.

Description

EUROS is a 120mm cooling fan that uses Sony's patented FDB (Fluid Dynamic Bearing), a non-contact bearing design that guarantees silent operation by eliminating noise production through sliding.

Embedded with a unique mechanism its anti-shock structure produces 5 times better results than conventional ball bearings.

The sealed structure also improves oil carrying ability which gives EUROS a life span of up to 120,000 hours.

Features

SONY FDB

- S-FDB is a Fluid Dynamic Bearing Made by Sony Corp.
 1. Surface Tension Seal
 2. Porous Sintered Dynamic Sleeve
 3. Fully Filled Oil
- Sony FDB guarantees a long life span and silent operation.

High Static Pressure

- The high static pressure design is ideal for liquid cooling radiators.

Rubber Screw

- To reduce vibrations the fan is installed using black rubber screws.

Specifications

Additional Information

Brand	Reeven
SKU	RA1225F20C-P-D
Weight	0.6000
Color	Black
Fan Dimensions	120mm
Fan Width	25mm
Fan Voltage	12 VDC
Fan RPM	2000
Fan CFM	78
Fan Noise (dB)	38
Special Price	\$14.99
