Short Description

As a professional OEM manufacturer in Computer liquid cooling area, Magicool's product line covers full

range of liquid cooling components, including different size of heat exchangers, water tanks, pumps, cooling blocks and accessories. Excellent price-performance ratio and reliable quality make Magicool products unique.

Description

As a professional OEM manufacturer in Computer liquid cooling area, Magicool's product line covers full range of liquid cooling components, including different size of heat exchangers, water tanks, pumps, cooling blocks and accessories. Excellent price-performance ratio and reliable quality make Magicool products unique.

With its compact design and excellent cooling performance, the Magicool radiators become top choice of water cooling users. The copper fins are specially designed for silent fans, while the parallel coolant channels reduce liquid resistance to a minimum. On both sides of the radiator M3 threads are integrated to allow flexible fan mounting, on top chamber both G1/4" threads allow easy installation of all common fittings and barbs.

Features

- Dual pass radiator designed for computer liquid cooling
- High liquid and air flow design
- Copper fin spacing optimized for silent fans
- Slim height for easy mounting
- Perfect for all overclocking and silent projects

Specifications

Technical specifications

Material	: Copper fins, brass chambers
Fins spacing	: 13 FPI (Fins Per Inch)
Dimensions	: 512 x 120 x 45 (mm)
Tube	: 16 mm x 1,5 mm
Connection threads	: G 1/4"
Weight	: 1500 g
Pressure tested	: 1,5 bar
Mounting / fan installation	: 16 pcs UNC 6-32 threads on both side for 120mm fan

Delivery includes:
1x Magicool G2 480S Ultra radiator
16x UNC 6-32 30mm screws
16x UNC 6-32 5mm screws
1x Retail Colour Box
4x Silicon pad
Warranty: On impermeability and build for 2 years!

Additional Information

Brand	Magicool
SKU	MC-RAD480SG2
Weight	10.0000
Color	Black
Radiator Size	480 (4 x 120mm)
Radiator Thickness	45mm
