

USB Internal Female Header to External USB A Port

\$9.95

Product Images

Short Description

Product Details:

This cable extends 1 USB internal 5-pin header to an external A port that can be used on the front side of a computer system. Cable is compatible with both USB 1.1 (standard) and USB 2.0 (high-speed).

Specifications:

- The cable adapter end can be mounted anywhere on your case that you need an external USB A port.
- This cable connects to the internal 5-pin header of most any motherboard.

- For dual USB's application, you have to use 2 cables.
- The cable is compatible with both USB 1.1 (standard) and USB 2.0 (high-speed).
- Cable is 30" long.

Please consult your motherboard manual to check for pin outs of your USB headers. Pin one is usually the red wire in the USB cable/adaptor.

Standard Wire Assignments

Red: + 5V / Voltage + / VCC

White: D - / Data - / USB -

Green: D + / Data + / USB +

Black: GND / Voltage - / Ground

Black: S-GND / Over Current / Shielding

The S-GND wire is fatter and can be easily recognized.
