Short Description

EK-Supremacy Classic RGB is a high-end, quality CPU water block for modern Intel processors. It features a classic, market-proven design that will perfectly fit the needs of core enthusiasts and demanding users as well!

Description

EK-Supremacy Classic RGB is a high-end, quality CPU water block for modern Intel processors. It features a classic, market-proven design that will perfectly fit the needs of core enthusiasts and demanding users as well!

The EK-Supremacy Classic RGB water block uses a simplified revision of the award-winning EK-Supremacy CPU water block cooling engine, further tweaked for performance and optimal coolant flow! Low hydraulic flow restriction enables this product to be used in setups using weaker water pumps or lower pump speeds for added silent operation, while still achieving top performance! The water block also comes with a simple, straightforward RGB lightning implementation which connects to a standard 4-pin 12V RGB header.

The top of the block is made from CNC machined high-grade acrylic glass. Every EK-Supremacy Classic water block comes with a precisely machined copper base (sometimes referred to as 'cold plate') which is made from purest copper available on the market and is treated with nickel electroplating.

This product is compatible with popular RGB sync technologies from all major motherboard manufacturers. The arrow marking on the 4-pin LED connector is to be aligned with the +12V marking on the RGB header. You can easily remove the LED strip cover which is mounted with two screws to replace the LED strip with some other type LED strip.

Specifications

Technical specifications:

- RGB cable length: 30cm
- RGB connector classic 4-pin (12+ G R B)

CPU socket compatibility:

- Intel LGA-1150/1151/1155/1156
- Intel LGA-2011(-3)
- Intel LGA-2066

Enclosed:

- EK-Supremacy Classic RGB CPU block

Developed in EU.

PLEASE NOTE:

- TO PREVENT DAMAGE TO YOUR WATER BLOCK, YOUR COOLANT MUST CONTAIN ANTICORROSIVES AND BIOCIDES! EK RECOMMENDS USE OF EK CRYOFUEL COOLANTS.

Additional Info

Nickel Plexi

G1/4

Intel

Additional Information

Brand	EK Waterblocks
SKU	EK-SUPREMACY-CLASSIC-RGB-NP-D
Weight	1.5000
Color	Clear
CPU Series	Intel's LGA 115x, 2011, 2011-v3 and 2066
Block CPU Type	Intel/AMD
Block Style	Nickel-Plexi
Vendor SKU/EAN	3831109813782
