Bitspower Touchaqua XYZ Reservoir (PWM)

$194.95

Product Images

Short Description

Bitspower Touchaqua XYZ Reservoir (PWM)
Made from resistant acrylic, the Touchaqua reservoir is ready to hold up to 180ml of liquid. This pump reservoir combination is designed to help you save some space by being mounted directly on top of your 240 or 360 mm radiator with sturdy aluminum brackets. . Its dual loop design gives room to a flow indicator which helps you make sure everything is running smoothly and gives the user more opportunity with tubing customization. Covered by a 2-year warranty, the high-performance S1 pump comes in a black finished and with Digital RGB LEDs that is sure to match with even the wildest case mods.
