## Short Description

### Product Details:

MX4 series: The ability to Entertain and Inform

Don't let the imitations fool you. Get the original and most advanced in PC Bay inserts. With the new MX4 series we have enlarged the size of the display and added more keypad functionality. This double drive bay PC insert incorporates a 20 character x 4 line USB display and a 15 button keypad. The MX4 also allows you to plug 4 fans in directly to the back of the unit for all you quiet and cooling PC needs. You can also plug in 6 temperature probes to take accurate temperatures anywhere in your PC. You get the choice of 4 vibrant

colors and four different overlays.

Features:

- 15-button keypad in 2 colors or Real Aluminum faceplate in 2 colors
- 4 vibrant colors:
  - -deep sea blue background/ bright white text
  - -sky gray-white background/ blue text
  - -dark blue background/ yellow text
  - -green-yellow background/ black text (for traditionalists)
- Attach 4 fans directly to the MX4 for extra cooling
- Connect up to 6 temperature probes for accurate system temperature monitoring
- Connect a LED Indicator for visual notification of e-mails or system status Software and manual on supplied CD

Here are some of the many plug ins available:
