ICY DOCK MB452UKGF Aluminum External USB 2.0 Enclosure W/ LCD - Silver

Special Price
$39.96 was
$69.95

Product Images

Short Description

Product Details:

Understanding the difficulties to get your massive data from a laptop to a desktop or vice versa, ICY DOCK has creatively developed the MB452 series with a removable tray that's compatible with the ICY DOCK's MB123UK Series internal drive rack that allows storage drive interchangeabilities between laptop and desktop platforms. With its sleek exterior, solid construction, the MB452 series is one of the most convenient storage devices that enable multiple drive accessibility utilizing one simple external housing. Moreover, the LCD display allows real-time drive monitoring that will protect your data precious drive within. The front buttons are equipped for you to adjust the temperature that you wish to allow the drive to operate under. If temperature exceeds it, then both the visual & the audio alarms would indicate accordingly for your caution. No more clumsy installation procedures in creating a time efficient storage environment! Also, the storage drive security feature utilizes a power control locking mechanism that allows users to both power down and lock up the storage drive, making it both inaccessible and unobtainable to keep the drive fully secured and safe.

Suggested Applications

Add-on data/media files storage to laptops, graphics & video editing, on field imaging from surveillance DVR recordings, interchange of data between corporate/school/home workstations, data file backups.

Product Features:

* Host : Plug & Play USB2.0
* Drive Fit : 1 x 3.5" ATA 133 or SATA I & II (optional: SATA tray)
* Duo interface design for both of IDE & SATA Hard Drive (optional SATA tray).
* Advanced drive monitoring system built internally w/ LCD visual & audio indicators
* Multi-drive exchangeability & maintenance capabilities with simple removal of drive tray
* Solid aluminum construction to protect your storage drive and provide the overall cooling
* Warm air Intake fan cooling of drive
* Horizontal/Vertical positioning options with retractable foot stands for vertical lay
* Safeguard key lock capable of power control to disable data accessibility from others
* Interchangeable drive capability, making data accessible as desired when using a PC platform

Models & Specifications

Item Number: Silver	MB452UKGF-S
Host Interface	USB 2.0
Drive Fit	1 x 3.5" ATA 133 or SATA I & II (optional: SATA tray)
Drive Type	Standalone with horizontal or vertical positioning
Transfer Rate	up to 480 Mb/sec. via USB 2.0
Insert & Extract connection Via	64 pin industrial DIN converter
Structure	Aluminum body w/ partial plastic
Drive Cooling	Aluminum heat dispersion w/ 1 x rear outtake fan
LED Indication	Real-time drive temp., Drive activity/overheat/MASTER/SLAVE status, Fan working/failure status, Device usage time record
LED Display Color	Bright yellow
Drive Security	3 segment key lock
OS Requirement	Windows 98/SE/ME/2000/XP ; Mac OS 9.0 or higher
Dimension (L x W x H)	240 x 162 x 46 mm
Weight	4.20 lbs.
Compatible IDE Tray : Beige	122ABOX (W/LCD) / 123ABOX
Compatible IDE Tray : Black	122ABOX-B (W/LCD) / 123ABOX -B
Compatible IDE Tray : Silver	122ABOX-S (W/LCD) / 123ABOX -B
Compatible SATA Tray : Beige	452SLBOX (W/LCD) / 452SBOX
Compatible SATA Tray : Black	452SLBOX-B (W/LCD) / 452SBOX -B
