LED Indicator

Drive Tray Ejection Button

Drive Tray Extration Lever

Detachable Rear Cooling Fan 80 x 80 mm

Power Switch

Security Slot

Power Connector Port

eSATA Port

USB 2.0 Port

Short Description

Product Details:

This impressively new MB561US-4S 4 Bay Series is built with single e-SATA and single USB connection. A single e-SATA port provides easy direct single connection and flexible options for advance user. With the port multiplier e-SATA connection, you can either connect to port multiplier JBOD adapter to access four drives via e-SATA connection, or connect to the port multiplier RAID controller card for the RAID solution. This is convenient for those who do video editing through Mac or PC and wants configurations of RAID 0 (Striping) settings for massive transfer speed.

Additional USB connection is for quick hook up to any computer system (especially to laptops), which allow user to access up to four hard drives at the same time, best at all there' s no driver installation required. This allows users to organize their music, photos, and work data under one enclosure and it' s perfect for backup solution.

The enclosure takes up to four SATA drives, up to 1 terabyte per each drive. To power the enclosure, it uses a direct AC outlet, perfect to use it anywhere without having to deal with any adapters. The lightweight construction design protects hard drives with a layer of solid aluminum. The enclosure has a detachable 80mm ball bearing rear fan and uses a built-in fan-less power supply, making it a quiet device. The four hot-swappable drive trays offer great freedom of choice in expanding your storage solution and multi-drive exchangeability for easy maintenance.

Suggested Applications

Add-on data/ media files storage to laptops, graphics & video editing, interchange of data between corporate/school/home workstations, data file backups.

Product Features:

* 4 Bay 3.5`` SATA I / II removable external hard drive enclosure support hot-swap.
* Backplane with 1x high speed USB 2.0 and 1x e-SATA ports (port multiplier).
* Plug & Play USB 2.0 quick connection for any computer system.
* Multi-drive exchangeability & maintenance capabilities with simple removal of drive tray.
* White LED light indicates power and HDD access.
* Aluminum alloy body covering with distinctive design and protection.
* Shock absorption HDD tray design making the HDD stable while in operations.
* Detachable 80mm ball bearing rear cooling fan for easy maintenance
* Built-in fan-less power supply, making it a quiet device.
* Rubber padded soles for scratch protection.
* Mac mini design concept.

Models & Specifications

Item Number: Pearl white	MB561US-4S
Host Interface	eSATA + USB2.0 combo
I/O port	1 x e-SATA (port multiplier) ports, 1 x USB 2.0 port
Drive Fit	4 x 3.5" SATA I & II
Drive Type	Standalone with vertical positioning
Transfer Rate	eSATA up to 3Gb/Sec USB 2.0 up to 480Mb/Sec
Insert & Extract connection Via	15 pin direct hard drive connection
Structure	Aluminum body w/ partial plastic
Drive Cooling	Rear outtake fan w/ aluminum heat dispersion
Cooling Fan	80 x 80 x 25mm ball bearing fan
LED Indication	Device power & drive activity
LED Display Color	Mini White
OS Requirement	Windows 98/SE/ME/2000/XP ; Mac OS 9.0 or higher
eSATA Port Multiplier Interface Requirement	PCI-Express / Express Card / PCI-X Host Bus Adapter with eSATA connector / Onboard eSATA connector that support port multiplier function
Plug & play	Yes
Hot swap	Yes
Power Supply	Built-in
Power ON / OFF	Switch
Dimension (L x W x H)	234.9×141×175 mm
