Short Description

Introducing the Icy Dock MB9911K-B 2.5" SATA/SAS Mobile Rack for use in 3.5" device bays. This product is constructed of heavy duty metal to hold up in the toughest of conditions. It includes ventilation slots on the front, back, top and bottom for maximum airflow to keep both SATA and SAS drives running cool, and an LED is placed on the front of the device to give the user drive status at all times.

Description

Introducing the Icy Dock MB9911K-B 2.5" SATA/SAS Mobile Rack for use in 3.5" device bays. This product is constructed of heavy duty metal to hold up in the toughest of conditions. It includes ventilation slots on the front, back, top and bottom for maximum airflow to keep both SATA and SAS drives running cool, and an LED is placed on the front of the device to give the user drive status at all times.

The MB9911K-B also utilizes our brand new EZ Slide Mini Trays, making drive interchangeability and maintenance completely hassle free. The trays are built using full metal so that they are durable for many lifetimes, but will not weigh you down when transporting your data from system to system. And featuring a full cage design, the added top drive cover provides added protection while moving the drive. The trays are also designed to accommodate 9.5mm, 12.5mm, and 15mm drives giving you the ultimate universal 2.5" hot swap bay.

Utilizing its small form factor, The MB9911K-B is perfect for use in industrial PCs and mobile DVR systems. It is built to function in the most demanding conditions including military and law enforcement deployment, as well as manufacturing conditions such as embedded control systems and factory automation systems. The heavy metal design makes it ideal for placement in rugged environments. It also includes a key lock to safeguard sensitive data such as security recordings.

Features

- For 2.5" SATA I / II / III and SAS HDD/SSD
- Accommodates Drives with up to 15mm Height
- Fits 3.5" Device Bay
- Status LED on Front
- Full Metal EZ Slide Mini Tray System with full cage design
- Small form factor perfect for IPC and mobile DVR systems.
- Front, Rear, Top, and Bottom Ventilation Slots
- Heavy Duty Full Metal Construction
- Support SATA 6Gbps
- Top cover for the tray adds extra drive protection

Specifications

Model Number :	MB991IK-B
Color :	Matt Black
Host Interface :	7 pin SATA x 2
Drive Fit :	2.5" SAS or SATA I / II / III HDD / SSD x 1
Drive Bay :	3.25" Bay x 1
Transfer Rate :	Up to 6 Gb/sec. (depending on hard drive speed)
Insert& Extract connection Via :	15 pin direct hard drive connection
Structure :	SECC
Drive Cooling :	Metal heat dispersion
LED Indication :	Device Power & Drive Activity
LED Color :	Green : Device Power ; Amber : Drive Activity
Dimension (L x W x H) :	5.32" x 4.00" x 1.01"
Weight :	0.88 lbs
