

G-VANS Shamash CCFL/Fan Controller - Silver

\$69.95

Product Images

Short Description

This is a practical controller which blends the CCFL LAMP and control of fans seamlessly. The product uses a Lamp brightness speed indicator which assures the consumer of the fan speeds currently being used. The brighter the CCFL Lamp the faster than fan will spin ,erstwhile the more dim the light is-the slower the fan will operate

Description

This is a practical controller which blends the CCFL LAMP and control of fans seamlessly. The product uses a Lamp brightness speed indicator which assures the consumer of the fan speeds currently being used. The brighter the CCFL Lamp the faster than fan will spin ,erstwhile the more dim the light is-the slower the fan will operate. To add to this if the consumer wishes they can control brightness of the lamp independently from the fan Speed controls.

Innovation with no compromise.

Features

- It is a perfect combination of fan and CCFL control.
- Three-channel fan control each one capable of powering up to 30 watts
- Independent CCFL brightness.

Specifications

- Dimension: 148.5MM x 42.5MM x 64.5MM
- Power Input: DC12V
- Power Output: 12V(fan controller) 680V(CCFL controller)

- Output Power : 3channel fan controller --30W each channel,
2channel CCFL controller--8W each channel
- Control channel: 3 channel fan+2 channel CCFL 4PCS
- Colour Available: Black and Silver Aluminium anodized
