## Product Images

## Short Description

---

Make room for the MB672SKGF series in your computer, because this one is sure to amaze anyone. Our new Icy Dock's internal screw-less enclosure provides the user with an LCD display that allows real-time drive monitoring and temperature detection within the enclosure. The front buttons are equipped for temperature adjustment to suite the user of temperature warning. If temperature exceeds it, then both the visual & the audio alarms would indicate accordingly for your caution.

## Description

---

Make room for the MB672SKGF series in your computer, because this one is sure to amaze anyone. Our new Icy Dock's internal screw-less enclosure provides the user with an LCD display that allows real-time drive monitoring and temperature detection within the enclosure. The front buttons are equipped for temperature adjustment to suite the user of temperature warning. If temperature exceeds it, then both the visual & the audio alarms would indicate accordingly for your caution. But we cannot forget that this is also part of the new tray-less series, with easy hard drive access and hot-swap capabilities without having to screw in a tray. The enclosure is built spacious enough to fit any 3.5" SATA brand hard drive, and firm enough to prevent the hard drive from coming loose with the connectors. Like the MB671, it has a stylish faceplate exterior and elegant trigger door-handle design. The body is built by a steel metal finish to create a perfect cooling environment for the hard drive. Our ICY DOCK features are still there: Built-in fan and front ventilation system to prevent hard drive overheating and key lock to prevent any hard drive thefts. The convenient removability of this enclosure with allows easy interchangeability between desktops or laptops. This is perfect for media storage systems that enables media file archiving without having to deal with the usual hard drive disassembly from your PC.

## Features

---

- \* Device holds single 3.5" SATA I or II drive and fits any standard 5.25" device bay.
- \* User friendly Tray-less design just plug in the hard drive and play.
- \* Removable Design & hot swap capability offers convenient solution for multi-drive exchangeability & maintenance.
- \* Stylish aluminum faceplate with heavy duty steel body construction --provides superior heat dissipation.
- \* Safeguard key lock function keeps data secure within the enclosure.

\* 40mm rear warm air outtake fan ensures an optimal cooling environment.

\* Advanced drive monitoring system built internally w/ LCD visual & audio indicators.

## Specifications

---

Host Interface :	7 pin SATA
Drive Fit :	1 x 3.5 " SATA 1.5 / 3 / 6 Gbit/s hard drive
Drive Bay :	1 X 5.25"
Transfer Rate :	Up to 6Gb/sec. (depending on hard drive speed)
Insert& Extract connection Via :	Direct SATA hard drive connection
Structure :	Steel body w/ partial aluminum & plastic face panel
Drive Cooling :	Aluminum heat dispersion w/ 1 X rear outtake fan
Drive Cooling :	Auto & Visual
LCD Indication :	Real-time drive temp., Drive activity/overheat/MASTER/SLAVE status, Fan working/failure status, Device usage time record
LCD Display Color :	Cool Blue
Dimension (L x W x H) :	7.48" x 5.84" x 1.70"

## Additional Information

---

Brand	IcyDock
SKU	MB672SKGF-BB-D
Weight	2.0000
Color	Black
Device Type	SSD/HDD Enclosure
Bay Size	3.5" Bay
Special Price	\$32.96
