Razer Seiren X Microphone

$99.99

Product Images

Short Description

Designed and tested by top streamers, the Razer Seirēn X is your key to getting heard in the mightiest way possible. Backed by the best microphone technology, it's the first step to taking your live streaming to new broadcasting heights.

Description

Designed and tested by top streamers, the Razer Seirēn X is your key to getting heard in the mightiest way possible. Backed by the best microphone technology, it's the first step to taking your live streaming to new broadcasting heights.

Features

Streamlabs Certified

We are constantly looking for ways to support the streaming community; that's why it's so important for us to work together with other players in the ecosystem.

Streamlabs is the #1 free platform that streamers use to customize and grow their channels..

Ultra-Precise Pickup Pattern

Using a supercardioid pickup pattern, sound is recorded at a tighter angle. This reduces unwanted background noise and allows you to deliver your voice loud and clear to your audience, so they never miss a single message.

Shock Resistant

When things get exciting, accidental knocks and bumps happen. When that happens, the built-in shock mount dampens vibrations to help protect your stream against sound anomalies.

Compact Form Factor

Most professional microphones sound great, but tend to be obstructive and too bulky for desks with limited space. Thanks to its compact and sleek form factor, the Razer Seirēn X delivers a superior audio broadcasting experience while remaining as subtle as possible.

Specifications

Tech Specs

At a glance	• Condenser microphone made for streaming • Supercardioid pick-up pattern to reduce background noise • Built-in shock mount to dampen vibrations • Mute button • Zero-latency 3.5 mm headphone monitoring port
Microphone	• Power required / consumption: 5V 100mA • Sample rate: min 44.1kHz / max 48kHz • Bit rate: 16bit • Capsules: Ø25mm condenser capsules • Polar patterns: Super-Cardioid • Frequency response: 20Hz–20kHz • Sensitivity: 17.8mV/Pa (at 1kHz) • Max SPL: 110dB (THD < 1% at 1kHz)
Headphone amplifier	• Impedance: ≥ 16Ω • Power output (RMS): 125mW (at 32Ω) • THD: < 0.5% (at 1kHz) • Frequency response: 20Hz – 20kHz • Signal-to-noise ratio: ≥ 85dB
System requirements	• Windows 7, 8, 10 • Mac OS 10.8 onwards • Compatible with Open Broadcaster Software, Streamlabs & Xsplit (Seirēn X & Seirēn X Quartz)
Package contents	• 1 x Razer Seiren X • 1 x Support rod • 1 x Desk stand base • 1 x Micro USB to USB cable • 1 x Important Product Information Guide

Additional Information

Brand	Razer
SKU	RZ19-02290100-R3U1
Weight	2.0000
Color	Black
Connection Type	USB
Vendor SKU/EAN	814855024995
