

BARROW Barrow Pump for watercooling 10W PWM - Matt Silver

\$37.95

Product Images

Short Description

These Barrow Pumps have a max load speed of 4000rpms with a maximum flow of 450L/H. There are optional 5MM lighting slots that can provide single dazzling lighting effects (LED sold seperate)

Description

These Barrow Pumps have a manual speed control knob and super thick heat sink fins to help with heat dissipation. These pumps are designed to be used with specific models of the Barrow Waterways.

Please Note: Some of the Barrow waterways use a DDC mounting Bracket for the pump to sit on and do not have a option to directly mount the pump.

Features

These Barrow Pumps have a max load speed of 4000rpms with a maximum flow of 450L/H. There are optional 5MM lighting slots that can provide single dazzling lighting effects (LED sold seperate)

Specifications

- Product Name: PSD10-S

- Signal connector: PWM
- Load speed: Max4000rpm
- Power supply voltage: DC12V TDP10W
- Output lift: 3M
- Maximum flow: 450L / H
- Interface: G1 / 4
- Size: 70mm X 70mm X 50mm
- Pump cover material: PMMA (acrylic)
- Shell material: aluminum alloy

Additional Information

Brand	Barrow
SKU	SPD10-S-MS
Weight	1.2500
Color	Silver
Pump Type	Other
Pump Voltage	12 VDC
Vendor SKU/EAN	6937826606007
