Description

Large 900mm x 400mm mouse pad with fine lock stitching on the board making it more durable.

Features

- Extremely durable hard plastic mouse pad
- Macroscopic texture offers minimal friction
- Medium-sized, optimized for optical mice
- Two component mouse pad; plastic surface with rubber bottom
- SteelSeries SP is a macroscopic-textured, hard plastic mouse pad designed for competitive gamers demanding precision, accuracy and stability from their mousing surface. The responsive gaming-grade surface of SteelSeries SP offers minimal friction, even for gamers applying a high force of contact on their mice.
- The surface is compatible with optical mice and was developed and fine-tuned in co-operation with professional Counter-Strike players from mousesports, SK Gaming, Team 3D and compLexity.
- A non-slip rubber base ensures that the mouse pad doesn't slide, even during the most frantic gaming sessions
