USB to Serial Cable

Special Price

$4.49 was

$17.95

Product Images

Short Description

We have tried alot of USB to serial cables, many of which are more then twice as expensive, but, this one as proved to us to be the most compatible with the largest amount of Serial devices. If your PC or laptop don't have a serial port then this may be your best choice for using hardware you already own. This is a DB9 to USB A cable that is of the finest quality and comes with excellent drivers.
