## Short Description

### Product Details:

XTrac Mad Dotz™

What the heck are XTrac Mad Dotz? Teflon coated, pre-cut circles that install over your mouse feet in seconds! "Why would you want Teflon coated tape on your mouse feet?" To drastically improve the feel of your mouse when sliding across your mouse pad and to help reduce wear and tear on your existing mouse feet. Want to learn more?

XTrac™ Mad Dotz are pre-cut pieces of Teflon tape. They are designed to fit over your existing (or non-existing) mouse feet.

Supercharge your mouse with a set of XTrac Mad Dotz™.

You get 12 XTrac Mad Dotz™ per sheet. Enough to cover three mice in most cases. Very easy to install, in fact, it takes only a few seconds unlike

most Teflon coated tape products on the market today. We've used the XTrac Mad Dotz™ on cloth surface and plastic surface mouse pads and they work great on both.

XTrac™ Mad Dotz work great with ball mice and optical mice.

Need installation instructions? See the two pics below.

#### Specifications

- Size - approx. 5" in length
- Surface - Slick high grade, Semi-Teflon coated bronzed tape
- Backing - Clear plastic
- Durability - Extremely durable if properly taken care of. For maximum performance, we recommend wiping the Mad Dotz™ before using each time to remove any foreign debris.

Note - For cleaning, simply wipe the Mad Dotz™ with a lightly damp cloth to remove any debris.
