## Product Images

## Short Description

It turns any new or old SATA (I, II, III) HD/Optical device into a convenient external device at USB 3.0 speeds.

## Description

### Product Details:

It turns any new or old SATA (I, II, III) HD/Optical device into a convenient external device at USB 3.0 speeds

## Features

---

### Features:

- Quickly adds more storage space to your USB-enabled PC (USB 3.0 recommended for up to 5.0 GBit/s data transfer speed.) This adapter implements a bridge between an USB 3.0/USB 2.0 port and SATA (I, II, III) mass storage device. The SuperSpeed of USB 3.0 interface allows users to enjoy a fast and easy file transfer, backing up files, or storing large file archives on hard drives.
