## Product Images

## Short Description

FrozenQ Acetal DDC / MCP35x Pump Mount Bracket - Liquid Fusion Dual Bay Reservoir allows you to integrate your DDC or Swiftech MCP35x Series pumps into your Liquid Fusion Dual Bay Reservoir!

## Description

FrozenQ Acetal DDC / MCP35x Pump Mount Bracket - Liquid Fusion Dual Bay Reservoir allows you to integrate your DDC or

Swiftech MCP35x Series pumps into your Liquid Fusion Dual Bay Reservoir! One of the biggest features to be integrated into the Fusion Dual Bay design is the modular pump mount system. Rather than having to purchase a bay reservoir with an integrated pump mount that only works with one style of pump, you can choose to purchase a special pump mount for a MCP355/DDC pump, a D5 pump, or choose to not integrate a pump at all. It's your choice!

Reservoir Sold Separately!
