\$6.99

Product Images

Short Description

The shake proof washer is one of the best things to happen to cases in quite some time. One of the biggest causes of fan noise in a system is the transfer of motor vibrations between the case fan and its mounting.

Description

The shake proof washer is one of the best things to happen to cases in quite some time. One of the biggest

causes of fan noise in a system is the transfer of motor vibrations between the case fan and its mounting. This vibration can travel through your case causing your side panels to rattle like steel drums. These washers prevent vibration from transferring into the mounting there by preventing such noise. The washers also are ideal for absorbing shock, which is helpful if you move your system a lot.

Features

- PSU washer is a universal design. It is to absorb the shock and the noise caused by the vibration from the power supply unit and computer case.

Specifications

- Size: 150 x 87 x 11 mm / 5.91 x 3.43 x 0.43"
- Material: 1mm Silica Gel.
- Color: UV Red UV Blue UV Green.
- High Quality.
- Great look and feel.
- Individually packed in plastic bags with a hanger.
