Description

Product Details:

The ModRight Black-Out Series 4-Pin Extension Cable is a standard 4-pin extension cable that can be used to extend Molex connections. These cables can help with cable management from your power supply to your devices.

The ModRight Black-Out Series is all black connectors, all black wire, and all black construction!

The ModRight Black-Out Series was created to cut right to the chase. No one really wants to see wire cable colors. Furthermore some people don't want to sleeve their cables or pay more for pre-sleeved cables. They simply want a cable that functions and doesn't distract from the rest of the hardware. Then steps in the Black-Out Series! The all black design will disappear in your case sending power and data where you need it without drawing attention to itself! The best part is these cables are priced right!
