Short Description

The ModMyToys Black-Out Series 24-Pin ATX 18AWG Extension Cable is a standard 24-pin extension cable. These cables can help extend your power supplies 24-pin cable to reach your motherboard in larger cases or for wire management.

Description

The ModMyToys Black-Out Series 24-Pin ATX 18AWG Extension Cable is a standard 24-pin extension cable. These cables can help extend your power supplies 24-pin cable to reach your motherboard in larger cases or for wire management.

The ModMyToys Black-Out Series is all black connectors, all black wire, and all black construction!

The ModMyToys Black-Out Series was created to cut right to the chase. No one really wants to see wire cable colors. Furthermore some people don't want to sleeve their cables or pay more for pre-sleeved cables. They simply want a cable that functions and doesn't distract from the rest of the hardware. Then steps in the Black-Out Series! The all black design will disappear in your case sending power and data where you need it without drawing attention to itself! The best part is these cables are priced right!
