Short Description

The ModRight Black-Out Series 4-Pin to 3x 3-Pin Y Cable Splitter is a 4-pin fan splitter cable. This handy cable can split a single 4-Pin molex connector into multiple 3-Pin fan connectors. Each 3-Pin connector is on its own line from the molex so wire management and fans that are spread apart can be connected easily. These splitters are great for radiators and other applications where multiple fans need power.

Description

Product Details:

The ModRight Black-Out Series 4-Pin to 3x 3-Pin Y Cable Splitter is a 4-pin fan splitter cable. This handy cable can split a single 4-Pin molex connector into multiple 3-Pin fan connectors. Each 3-Pin connector is on its own line from the molex so wire management and fans that are spread apart can be connected easily. These splitters are great for radiators and other applications where multiple fans need power.

The ModRight Black-Out Series is all black connectors, all black wire, and all black construction!

The ModRight Black-Out Series was created to cut right to the chase. No one really wants to see wire cable colors. Furthermore, some people don't want to sleeve their cables or pay more for pre-sleeved cables. They simply want a cable that functions and doesn't distract from the rest of the hardware. Then steps in the Black-Out Series! The all black design will disappear in your case, sending power and data where you need it without drawing attention to itself! The best part is these cables are priced right!
