Short Description

The ModRight Black-Out Series 4-Pin Male Molex to 2x2x 4-Pin Female Molex Cable Splitter is a way to multiply your 4-Pin molex power. These are great for bay devices where you need multiple 4-pins in a small space! This version splits the main molex into

two lines both with 2 4-Pin molex connectors.

Description

Product Details:

The ModRight Black-Out Series 4-Pin Male Molex to 2x2x 4-Pin Female Molex Cable Splitter is a way to multiply your 4-Pin molex power. These are great for bay devices where you need multiple 4-pins in a small space! This version splits the main molex into two lines both with 2 4-Pin molex connectors.

The ModRight Black-Out Series is all black connectors, all black wire, and all black construction!

The ModRight Black-Out Series was created to cut right to the chase. No one really wants to see wire cable colors. Furthermore some people don't want to sleeve their cables or pay more for pre-sleeved cables. They simply want a cable that functions and doesn't distract from the rest of the hardware. Then steps in the Black-Out Series! The all black design will disappear in your case sending power and data where you need it without drawing attention to itself! The best part is these cables are priced right!
