- 10x6 Slot
- 10x8 Slot
- 5x12 Slot
- 5x14 Slot
- 5x16 Slot
- 5x24 Slot

Our mission with these cable combs is to make a comb that looks like it was meant to be there, something that is stealthy and adds a sheek look to your cable.

Thus the LC Cable Comb Codename: Stealth was born, with a very thin structure it hugs the wires closely and keeps them in a nice bundle. The combs themselves are durable but you do need to take care of them when installing. But once installed the sleeve will reinforce the comb.

Warning: The use of Stealth version cable combs requires the removal of the wires from the connectors. For advanced modders only!

Suitable for 4mm sleeving and under
