Short Description

Designed to make SilverStone products more compatible and accessible with tool-less chassis, the SDP06 and SDP07 have long, strengthened steel bracket structures that will make installation a snap.

Description

Designed to make SilverStone products more compatible and accessible with tool-less chassis, the SDP06 and SDP07 have long, strengthened steel bracket structures that will make installation a snap.

1. Package Content:
- 3.5" extension bracket x 1
 - Screw bag x 1

2. Installation for 3.5" Drive Bay Products:
- Place the 3.5" drive bay product to be installed over the narrower side of the extension bracket as shown.

- Make sure the holes line up prior to case installation.

3. Case Installation
- Insert the extension bracket into an empty 3.5" drive bay. Use included screws to secure the bracket if necessary

Features

- Zinc coated finish for durable appearance
- Compatible with most fan controllers and accessories
- Pre-drilled holes for easy alignment
- Available in 3.5" (SDP07) and 5.25" (SDP06) sizes
