Short Description

An update of a Classic! Get full use of your power strips and UPS outlets and double your number of outlets with the updated Liberator Plus! Just like with the Liberator Classic, you simply plug your big bulky power adapters into our cables and plug the cables into those previously unusable outlets! And with our new pass-through plug you get twice as many outlets. Of course it still makes a handy 1-foot extension for those situations when you just need a little more cable
