

Bykski DDC Pump Armor - Silver (B-PMD3-ITN-COV)

\$14.95

Product Images

Short Description

The Bykski DDC Pump Armor allows you to transform your DDC housing to an aluminum heatsink. Most DDC variants run much warmer than users would like. This is the solution to bringing your pump temps down while keeping the same performance. When used with a (B-PMFS) the pump can be actively cooled with a fan as well!
