X-Ray ZeroFriction Mouse Skates (TP5A) - Oval

\$5.00

Product Images

Short Description

ZEROFRICTION from X-ray technology are specially designed for professional gamers. The unique material guarantees that the coefficient of static friction and gliding friction are almost the same, which means no abrupt change of feeling when you suddenly

start to move the mouse or stop it. And therefore, you can play more smoothly and more accurately.

Description

Product Details:

Super smooth long life pure Teflon in oval cuts for Microsoft, Logitech and almost any mouse on the market.

What's Special About X-ray Zerofriction?

ZEROFRICTION^M from X-ray technology are specially designed for professional gamers. The unique material guarantees that the coefficient of static friction and gliding friction are almost the same, which means no abrupt change of feeling when you suddenly start to move the mouse or stop it. And therefore, you can play more smoothly and more accurately.

Basically it's saying, glide like you never have before!

Package Contents:

30 ovals per package
