## Description

---

The Bykski DDC Pump w/ Armor is a DDC pump with the Bykski Heatsink Armor preinstalled. When used with a (B-PMFS) the pump can be actively cooled with a fan as well!

## Features

---

- Aluminum Construction Heatsink (not in contact with coolant)

## Specifications

---

### Specifications

- Material:Aluminum (not in contact with coolant)
- RPM:5000
- Power:DC12v, TDP15W
- Voltage Range:10v-15v
- Flow Rate:600L/h
- Temperature:45°C @ 4000RPM
- Connector:4-Pin Molex and PWM+ data feedback
- Pump Size:62mm x 62mm x 58mm (LxWxH)
- Reservoir Size:50mm x 66mm (Diameter x Height)

### Compatibility

- Loop:Aluminum or Non-Aluminum
- Fitting:G1/4 Thread

### Included Parts

- 1x Aluminum Housing (installed)
- 1x Aluminum Base Plate (installed)
- 1x Pump Pad (installed)
- 4x Mount Screws (installed)
- 1x DDC Pump (installed)
- 1x Reservoir Tube (installed)
- 1x Reservoir Cap (installed)

## Additional Information

---

Brand	Bykski
SKU	B-PMD3-COV+CT66-B
Weight	2.5000
Color	Blue
Reservoir Type	Tube Res
Pump Type	DDC
