Bykski CPU-RYZEN-X-MK CPU Water Cooling Block - Black w/ 5v Addressable RGB (RBW) (AM2 / AM3 / AM4 / TR4)

$64.99

Product Images

Short Description

The Bykski CPU-RYZEN-X-MK CPU Water Cooling Block features an aluminum top plate that covers the precision machined PMMA top. The PMMA on the sides and around the ports allow the colors to flow through when the included RBW lights are engaged. The block is constructed of high purity copper that is electroplated to prevent oxidation. A high flow design is used to allow maximum performance.
