Short Description

The important components of your motherboards deserve to receive the best heat management possible, which is why Bitspower expertly designed the ASUS ROG Dominus Extreme Mos Block to simultaneously cool the VRMs.

Description

The important components of your motherboards deserve to receive the best heat management possible, which is why Bitpower expertly designed the ASUS ROG Dominus Extreme Mos Block to simultaneously cool the VRMs.

Made of clear acrylic, the top layer of the mos block offers not only an efficient water channel design, but also a unique look to complement your PC style, while the base layer is made of high quality copper and molded to tightly fit over the VRMs, offering the best heat transfer possible.

Additionally, the Bitpower ASUS ROG Dominus Extreme Mos block is equipped with Bitpower Digital RGB LEDs, the mos block is sure to become the center piece of your rig with its easy to control light effects.

Features

1. Designed For ASUS ROG Dominus Extreme
2. Acrylic top cover for a crystal clear look.
3. Base layer made of copper, electroplated with nickel and chromium for high durability.
4. RoHS Compliant.
