Short Description

The important components of your motherboards deserve to receive the best heat management possible, which is why Bitspower expertly designed the MSI MEG X299 CREATION Mos Block to simultaneously cool the VRMs.

Description

The important components of your motherboards deserve to receive the best heat management possible, which is why Bitspower expertly designed the MSI MEG X299 CREATION Mos Block to simultaneously cool the VRMs.

Made of clear acrylic, the top layer of the mos block offers not only an efficient water channel design, but also a unique look to complement your PC style, while the base layer is made of high quality copper and molded to tightly fit over the VRMs, offering the best heat transfer possible.
