CORSAIR Hydro X Series XT Softline Tubing provides easy and flexible connections between your Hydro X Series equipment, putting your coolant on display with full transparency.

Description

CORSAIR Hydro X Series XT Softline Tubing provides easy and flexible connections between your Hydro X Series equipment, putting your coolant on display with full transparency.

Features

SOFT YET STURDY

Constructed from flexible PVC material that allows tight bends inside of your case, with the durability to run your coolant of choice for years.

BUILT TO LAST, EASY TO CUT

UV-resistant tubing made to withstand the test of time without any discoloration or deforming. Use either tube cutters or scissors for a clean and precise cut.
