Product Images

Short Description

EK-Torque HTC 16 Color Rings Pack - Nickel are the interchangeable aesthetic rings for EK's new minimalistic 16mm hard-tube compression fittings designed for use with 16mm OD solid tubing such as Acrylic and PETG. These aesthetic rings are made of anodized aluminum.

Description

EK-Torque HTC 16 Color Rings Pack - Nickel are the interchangeable aesthetic rings for EK's new minimalistic 16mm hard-tube compression fittings designed for use with 16mm OD solid tubing such as Acrylic and PETG. These aesthetic rings are made of anodized aluminum.

The colored rings are available in many colors and are screwed onto the fitting before the compression locking ring.

These accent rings are guaranteed to be compatible only with EK-Torque HTC 16 fittings.
