

# EK-Torque Angled 90° - Nickel (4505)

\$10.49

## Product Images

## Short Description

EK-Torque (Adapter Fitting) - Nickel is a revolable angled (90°) adapter fitting with G1/4" threads. In the form of a cylinder, it is very sturdy and there are zero movements in the revolable joint. This Quantum Line adapter is made out of CNC machined brass with high-quality Black Nickel finish while the seal is made by quality rubber O-rings.

## Description

---

EK-Torque (Adapter Fitting) - Nickel is a revolvable angled (90°) adapter fitting with G1/4" threads. In the form of a cylinder, it is very sturdy and there are zero movements in the revolvable joint. This Quantum Line adapter is made out of CNC machined brass with high-quality Black Nickel finish while the seal is made by quality rubber O-rings. It is an extremely secure and sturdy piece that will last for many future builds.

The adapter allows for connection of fitting with G1/4" threads to extend tubing possibilities in your water cooled system allowing for easier bends and better accessibility.
