

Bitspower Summit CPU Block for LGA 3647 (Narrow)Copper Limited Edition

\$119.50

Product Images

Short Description

With high processing power come high heat management expectations. In order to keep your Intel Xeon processor under optimum working conditions, Bitspower brings forward the ultimate water block for the LGA 3647 socket with the Summit CPU block. Engineered for direct water injection, the Summit block manages the heat with a high flow of coolant directly on top of the fins, keeping the CPU under low temperatures without

wasting a second. Fashioned with the copper top layer and base plate, the Summit CPU block features a narrow footprint to ensure it doesn't interfere with the RAM slots.

Specifications

- Dimension(LxWxH) : 108x79.8x19.5 MM
- Block TOP Color : Silver
- Thread : G1/4" x 2

Compatibility :

Intel Socket LGA 3647 (Narrow)

Included :

1Set of Mounting accessory screws

*** Bitpower reserves the right to change the product design and interpretations. These are subject to change without notice. Product colors and accessories are based on the actual product. ***

Additional Information

Brand	Bitspower
SKU	BP-CPUNLGA3647-SL
Weight	2.0000
Color	Chrome
CPU Series	Intel LGA 3647
Block CPU Type	Intel
Block Style	Copper-Nickel
Vendor SKU/EAN	4712914782946
